

WORK CERTIFICATE

This is to certify, that Joonatan Korpela () has worked as Front-End Developer Summer Intern at Loupedeck Oy (Business ID 2769529-5) from June 6th, 2021 untill August 20th, 2021.

During his time at Loupedeck, Joonatan contributed to the Loupedeck Software User Interface project and added new functionality to it along with improving the stability of the software. For his work Joonatan used multiple technologies and tools including Typescript, React, Electron, Jira and Figma.

Joonatan is very talented and skillful software developer despite young age. As his supervisor during summer 2021 I can recommend him for positions with software development especially in the area of user interaction and interfaces.

The employment ended due to it being a fixed-term summer internship.

In Helsinki, 20.08.2021

A handwritten signature in blue ink, appearing to read "Andrei Laperie", written over a horizontal line.

Andrei Laperie
Software Director,
Loupedeck Oy
